2026

AQUATECH ASIA 2026

THE PREMIER TRADE SHOW FOR SUSTAINABLE WATER SOLUTIONS IN SOUTHEAST ASIA

THE HEART OF WATER TECHNOLOGY IN SOUTHEAST ASIA

Aquatech Asia is the newest addition to the Aquatech portfolio, joining flagship tradeshows in **Amsterdam, Mexico, and China**. Launching in Bangkok in **November 2026**, Aquatech Asia will unite water professionals, innovators, and decision-makers from across Southeast Asia. Join us to connect, learn, and shape the future of water management, resilience, and sustainability.

SPECIAL FOCUS Flood & Drought Management

Flood and drought management is a central theme at Aquatech Asia. Southeast Asia faces increasing risks from extreme weather, including severe floods and prolonged droughts, driven by climate change and rapid urbanization. These challenges threaten water security, food production, and economic growth in countries such as Thailand, Vietnam, Indonesia and many more.

TOGETHER WE MAKE WATER WORK

OUR EXHIBITOR PROFILE

Flood & Urban Resilience

Climate Adaptation & CAT

Coastal Protection & Floor Barriers

Construction & Planning

Dams & Drainage Systems

Flood Prevention & Risk Management

Storm/Water Level Management

Water & Civil Engineering Works

Weather Services

Water & Wastewater Treatment

Chemical & Biological Waste Treatment

Desalination Technologies

Drinking & Process Water Treatment

Resource Recovery (Energy, Nutrients)

Sludge Treatment & Dewatering

UV & Activated Carbon Treatment

Wastewater Treatment Systems

Water Reuse & Recycling

Infrastructure

Civil & Engineering Works

Distribution Systems

EPC contracting & design

Operation & Maintenance Services

Policy, Planning & Financing

Pumps, Pipes & Valves

Regulatory Compliance & Permitting

Sewage Tanks & Silos

Storage Tanks & Mechanical Systems

Software & Automation

Digital twins & analytics platforms

SCADA & remote monitoring

Predictive maintenance

Process control & automation

Process Monitoring & Analysis Technology

AI-Driven Process Optimization

Cybersecurity for Industrial Systems

Big Data for Process Analytics

Residential & Commercial

PoU / PoE filtration

Purification & softening systems

Water coolers & dispensers

Membranes & cartridges

Household/ commercial reuse systems

Legionella control

Small Scale Purification Installations

(Hot Water) Faucets

OUR VISITOR PROFILE

- Utilities & Municipal Authorities
- Government & Policy Makers
- Industrial & Manufacturing
- Real Estate & Construction
- Hospitality & Commercial Facilities
- Agriculture & Agribusiness
- Environmental & Engineering Consultants
- Technology & IoT Providers
- Investors & Venture Capital Firms

FLORIS JAN CUYPERS
CEO, NX FILTRATION

DUANE SCHLICHT
MANAGING DIRECTOR,
NIJHUIS SAUR INDUSTRIES | ASIA PACIFIC

"We are excited to be one of the founding partners of Aquatech Asia. Following the success of Aquatech in Amsterdam, Mexico and China, this new edition marks an important milestone in expanding the world's leading water technology platform to one of the most dynamic regions in the world. For NX Filtration, it is a unique opportunity to strengthen our footprint in Asia, share our membrane expertise, and collaborate with partners who are shaping the future of sustainable, chemical-free water treatment."

"With the ASEAN area facing mounting water challenges from urbanization, industry, flooding, salinity and aging infrastructure, Nijhuis Saur Industries sees the Aquatech Asia as a key and vital mechanism to bring enriched awareness to the region and we wholeheartedly endorse the event."

STRATEGIC PARTNERS

KNOWLEDGE PARTNERS

FOUNDING PARTNERS

2026 EXHIBITORS

AND MANY MORE...

"On behalf of the Embassy of the Netherlands in Thailand, I am proud to welcome Aquatech Asia to Bangkok. Water management is a shared priority for both the Netherlands and Thailand, as well as in many other countries in Southeast Asia. This event will provide a global stage for sharing innovations not only in water technology but also in integrated water management approaches, including flood resilience, drought mitigation, and delta management.

We look forward to addressing our shared water challenges in Thailand and across the region, while offering valuable opportunities for the Dutch water sector and driving collaboration for sustainable growth."

H.E. AMBASSADOR REMCO VAN WIJNGAARDEN

THE AMBASSADOR OF THE EMBASSY OF THE NETHERLANDS IN THAILAND

Booth Rates for 2026

Stand Type	Rate Type	Period	USD / SQM
Raw Space Minimum 18 sqm	Early Bird	1 Jan - 30 Jun 2026	450
	Regular	1 July - Show Day	475

Stand Construction	(Min. 9 sqm)	USD / SQM	Registration Fee	Co-Exhibitor Fee
Basic Construction		80	500 USD	500 USD
Premium Construction		120	per Exhibitor	

excluding 7% VAT
